Dear Sir:-

In response to your request under date of the 11th, I take pleasure in enclosing a brief statement concerning membership in our Society, together with an application card. It would give me great pleasure to propose your name as a member, if you will permit.

As an Associate member of the American Numismatic Society, you would receive the American Journal of Numismatics, and by a special arrangement, The Numismatist. The Journal is published annually - The Numismatist, monthly. In addition, you would be entitled to participate in the subscription for any medals issued by this Society, without being under any obligation to purchase them if you do not wish to do so. I hope we may have your favorable consideration to this suggestion that you ally yourself with our Society.

Very truly yours,

Secretary.
